However, family income is sometimes drastically reduced due to situations beyond the family's control. In some cases, the 2020 tax year information may be used to assess financial need if there has been a reduction of income from 2019 to 2020.

If you feel this may apply to your current situation, please contact our office once you have filed your 2020 Federal Tax Return.

- Certain awards can be disbursed on a percentage of students enrollment (Pell)
- Federal awards will be disbursed on attending hours
 - Student enrolls in 6 hours A term and 6 hours B term
 - *Pell grant will disburse at half time rate in A term then the remaining amount when B term courses start.*

WITHDRAWALS

- If a student withdraws from all of their courses within a semester; the financial aid office will be required to perform a return of Title IV calculation to determine how much of the federal aid the student has earned. A student must attend at least 60% of the semester in order to receive all aid disbursed. If a student withdraws before 60% of the semester this will require the student to pay back some of the federal funds they received.
- Unofficial Withdrawals – if a student receives a WN (withdrew/never attended), or a failing grade for all enrolled courses, the FA Office has to use the last date of attendance reported by the Instructor, to determine how much of the federal aid has to be returned to the Government.
 - If a student receives a ‘WN’ grade, the federal funds used to pay for that course will have to be returned to the Government.

SATISFACTORY ACADEMIC PROGRESS

- All students receiving federal aid must follow the federal satisfactory academic progress guidelines
 - Cumulative GPA of 2.0 for UG and 3.0 for GR
 - Cumulative completion rate of 67% of all courses

IMPORTANT REMINDERS

- Apply early and apply every year
- Book Allowances
- Maintain Academic progress
- Keep copies of all financial aid paperwork, security codes and passwords in a safe place
- Borrow conservatively
- Family Educational Rights and Policy Act (FERPA) form
- Always ask questions if you are unsure of things

If I could do it all over again

- I would begin paying my loans during my studies
- I would have taken all subsidized loans and no unsubsidized ones
- I would have taken out just enough and not the maximum amount
- I would pay interest as I went
- Rethink how to spend my loan
- Take more classes per semester to cut down on cost
- I would have a better understanding of loan repayment options, and not accept refund checks to make my loan smaller
- Find out exactly how much I am borrowing
- Find other resources and researched how much education would cost
- Get a loan counselor
- Be aware of SCAMS
