

Radiologic Sciences

@Northwestern State University

Mission, Goals, and Objectives

Mission of the School of Allied Health

The School of Allied Health is dedicated to providing high quality undergraduate and graduate programs that prepare individuals for a variety of imaging professional roles and to be conscientious, contributing members of their profession and society.

MSRS Program Mission

To provide a learning environment for the development of knowledge, intellectual skills, and dispositions necessary for radiologic sciences professionals to function as leaders in the areas of administration and education and to furnish a foundation for doctoral study.

Program Goals:

- To prepare radiologic sciences professionals who are able to function as leaders in radiologic sciences professions
- To develop radiologic sciences professionals who are prepared to contribute to the professional body of knowledge
- To provide a foundation for radiologic sciences professionals to become lifelong learners who strive for continued professional growth

Program Objectives:

Graduates of the MSRS program will be able to:

- Distinguish leadership skills in radiologic sciences education or administration
- Utilize critical thinking skills to resolve issues in radiologic or healthcare related problems
- Apply research evidence and skills in the practice setting as an educator or administrator in the radiologic sciences to improve practice
- Demonstrate effective communication skills in professional settings to maintain collegial and collaborative relationships
- Conduct research studies, and disseminate findings and methods to contribute to and improve the practice of the radiologic sciences
- Implement strategies to effect change within the radiologic sciences profession
- Evaluate ethical standards in practice as a radiologic sciences educator or administrator
- Serve as a role model to promote professionalism within the radiologic sciences
- Contribute to the community and radiologic sciences profession through service
