Institutional Effectiveness (IE) Model

University Assessment Committee Meeting
27 FEB 2017
“Institutional effectiveness is the systematic, explicit, and documented process of measuring performance against mission in all aspects of an institution.

“A commitment to continuous improvement is at the heart of an ongoing planning and evaluation process. It is a continuous, cyclical process that is participative, flexible, relevant, and responsive.”

*SACSCOC 2012*
IE Policy - Components of the Model

- SACSCOC Principles of Accreditation (1. Principle of Integrity; 2. Core Requirements; 3. Comprehensive Standards; and Section; 4 – Federal Requirements)

- Northwestern State University Strategic Plan 2016-2021

- Quality Enhancement Plan – Academic Degree Programs - Phased In

- Assessment Process Guide – College, Program, Division, both Academic & Operationally Focused

- Strategic Planning and Budgeting Process – Demonstrates Strategic Intent

- Federal, State, BOR, BOS, and other University Policies – Requirements Contribute to the standing of the institution

All critical in making the right “quantifiably informed” decisions at the “right time” for the right reasons.
SACSCOC Principles of Accreditation

- If we stay ready we can be reaffirmed on the first try!

- We must understand the standards:
  - Identify the “Responsible Office - Position” for each standard: use a audit document to track
  - Integrate into daily operations
  - Identify and ensure standards which require trended data are being documented
  - Identify the standards which require a policy
  - Establish a routine methodology for verification - - - proof

Each unit has a Assessment Coordinator

(Recommend the ARC be composed of program coordinators or Unit Heads - plus DRC Chair)
University Assessment Committee issues pertinent guidance along with schedule of product delivery. Entertains any request for exemption.

Critical to success is direction and oversight being provided by the University Provost and respective Vice Presidents.

Universities and administrative units establish Review Committee to develop mission statements, at least three learning-service outcome measures, and their associated assessment methodology to improve their programs, operations, and services.

Dean or Department Head / Director Approves

Program Assessment Coordinator for the program or unit enters mission statements, learning outcomes, and outcome measures into Taskstream. Maintains currency throughout process.

Provost - Dean or Vice President - Division Head Approves in Taskstream

Select academic and administrative units establish Review Committee to develop mission statements, at least three learning-service outcome measures, and their associated assessment methodology to improve their programs, operations, and services.

Throughout the year, faculty and staff will collect data, report results of the previous year’s assessment, and then develop assessment plans for the upcoming year.

Results and plans are submitted to respective Review Committees (RCs) for review that are designed to promote excellence in assessment of processes, operations, and student learning outcomes.

ARC develops the annual submission assessment report made up of the following components: 1) results of the previous year's assessment, 2) proposed or actual changes based on these results, and 3) a new assessment plan to measure the impact of these changes (including an analytical assessment of the effects of the changes made. (TASKSTREAM)

A memorandum from the UAC chair is sent to units and academic programs that are not in compliance with assessment requirements at least 30 days prior to the annual report (early to mid-June). Copies of this memorandum are sent to supervisors and UAC representatives.

UAC provides an annual report – update to the president documenting strengths and weaknesses of the university's overall effort in assessment and institutional effectiveness.

FALL – SPRING 2018

All academic and administrative units develop – verify assessment plans for the upcoming year.
