

NSU Office 365 Software Installation

Step #1: Log into your student email account and click the icon at the far right of the screen with your initials.

Then, click the **My account** option in the list.

Step #2: Click the **My installs** option from the list.

Step #3: You will see one of the screens below depending on whether you use Windows or Macintosh. Click the **Install Office** button to begin the download and installation.
