

No need to log in to use **Find It at NSU!** However, to access certain full text resources off campus, you'll need to log in.

You'll find your campus-wide ID number at the bottom of your **NSU One Card**.

Online student campus-wide ID numbers appear on your student registration. Some older campus-wide ID numbers are 8 digits, so you'll need to add a front leading zero (0) to make your number 9 digits. Your password is your six-digit birthdate: mmddyy

Use the **Campus-wide ID** to log in to access your account for answers about library check outs, fines or renewals. There's also a place for lists you want to keep. Access it inside the **Find It at NSU!** search engine, or **Library Catalog Search**.

Your **USER ID** is your Campus-Wide ID Number.
PIN is your birth date expressed as 6 digits in the mmddyy format with no spaces or hyphens.

Log In

When accessing the **Database Directory** from off-campus, you'll reach a page asking if you're a NSU or LSMSA user.

After ticking your choice, NSU users apply the same login you use for **myNSU**, your email name and password.

If you've never logged in to myNSU or the Library page, use Demons and your six digit birthday (Demons123456) as a password and you'll be prompted to change it.

LSMSA Students and faculty use your **ID number** and date of birth expressed as **mmddyy**.

Log in with LSMSA or Friends of the Library username and password
