

Northwestern State University

ADVANCE Program for Young Scholars

The ADVANCE Program for Young Scholars (ADVANCE) offers an opportunity for gifted students to earn credits that may be applied toward a degree should they enroll and register at Northwestern State after graduating from high school. ADVANCE is offered for three weeks every July at NSU, as a collaborative program with Duke University's Talent Identification Program (Duke/TIP). Students currently enrolled in grades seven through eleven may apply. Students enroll in one course during the program and admittance to ADVANCE is based upon ACT or SAT scores. If students have not taken an ACT or SAT, they may apply to ADVANCE through the Alternate Admissions policy. Contact the ADVANCE Program for details.

Eligibility criteria include:

1. Attendance in the ADVANCE Program for Young Scholars at NSU.
2. Entering ADVANCE through regular or alternate admission.
3. Earning a grade of B or better in an ADVANCE course that is included in the Articulation Agreement between NSU and the ADVANCE Program.

Inquiries regarding the ADVANCE Program should be directed to:
