## (College-Level Examination Program)

Any prospective or enrolled student who attains satisfactory scores on Northwestern State University approved Subject Examinations of the College Level Examination Program (CLEP) administered by or under the auspices of the Educational Testing Service (ETS) for the College Board is eligible to receive credit on the basis of such tests. CLEP testing is by appointment. Registration forms must be received by the Testing Center at least three weeks prior to each test date. Students may also arrange to take CLEP tests at other centers and use recipient code 6492 to have their scores reported to Northwestern. Students applying for credit for NSU-approved CLEP Subject Examinations must have scores sent directly to Northwestern State University from CLEP. CLEP scores will not be used from the previous institution's transcript unless the scores are over 20 years old. (Military service veterans who took CLEP as part of the DANTES program must have CLEP scores reported directly to the University from DANTES).

A CLEP Subject Examination should be taken well in advance of the semester during which the student would normally register for the course involved. Examinations are given by appointment excluding December and March, at Northwestern. A complete list of the Subject CLEP tests is available in the Testing Center and online. CLEP registration materials may be obtained from any national test center or the Educational Testing Service; Princeton, New Jersey.

A CLEP Subject Examination of the same title may not be repeated within a three-month period after the initial administration. If an exam is retaken within the three-month period, the administration will be considered invalid, the score will be canceled, and fees will be forfeited.
