

Pell Grants for Summer 2020 – beginning with summer 18, pell grant eligible students can receive up to 150% of their scheduled pell award each year.

- If you enrolled **full-time** (12+ credits) and received the full-time Pell Grant amount for fall 2019 and spring 2020, you must enroll at least half-time (6+ credits) in summer classes to receive a summer Pell Grant.
- If you enrolled **part-time** fall 2019 or spring 2020, there is no minimum credit requirement to receive a summer Pell Grant (unless required by your EFC). You can use the remainder of your annual Pell Grant amount during summer with no minimum credit requirement.

Example 1:

A student with an Expected Family Contribution (EFC) of \$0 is eligible for \$6195 in Pell grant for the year, or \$3097 for the fall semester for 12 hours and \$3096 for the spring semester for 12 hours.

Under the YRP program, this student could receive an additional \$3097 for the summer semester if they enrolled full-time (12 credits).

If the student enrolls half-time (six credits) summer semester, the student would receive a \$1548 Federal Pell Grant for summer, or one-half of a full award.

Example 2:

A student with an EFC of \$4801 is eligible for \$1345 in Pell grant for the year, or \$672 for the fall semester for 12 hours and \$671 for the spring semester for 12 hours.

Under the YRP program, this student could receive an additional \$672 for the summer semester if they enrolled in full-time (12 credits).

If the student enrolls half-time (six credits) summer semester, the student would not receive additional pell funds based on his EFC.
