# NSU ART CAMP 2024

## Session 1: **Robots Everywhere!**

Ages: 5-11

Dates: June 3<sup>rd</sup>-7<sup>th</sup>

This week is about the kids! We will revisit classical works of art with a robot twist. We will do projects with all your favorite robots. It will be a blast, we will create some great art reproductions in a playful style they will love to have on their wall.

## Session 2: **Pirates and Sea Creatures**

Ages: 5-11

Dates: June 10<sup>th</sup>-14<sup>th</sup>

Pirates and mermaids and all things salty and swashbuckling! We'll study boats, and sea creatures—real and mythic—and make awesome projects that help you transform into the Ocean Adventurer of your dreams!

## Session 3: **Advanced Projects for Teens**

Ages: 12-18

Dates: June 17<sup>th</sup>-21<sup>st</sup>

This week is designed for older kids looking to learn advanced art skills. We will work on larger projects throughout the week, and they will be able to choose form among laser engraver/cutter, 3D printing, painting, carving, printmaking and more. These projects will be weeklong projects taught by two NSU Art Professors, similar to the projects taught in classes at NSU.
