

Advanced Placement (AP) Credit Awarded by Northwestern State University

Sponsored and coordinated by the College Board and Educational Testing Service (ETS), the AP program consists of college-level courses and standardized examinations for high school students. Each May, AP exams are administered in the high schools to students who have participated in this program. Fees are determined by, and are payable to, ETS. Recipient code number 6492 should be used by students to have their scores reported to Northwestern. A complete list of the AP tests and credit is available in the Testing Center at NSU.
