Explanation of need to quarantine on campus:
(Student must demonstrate there is no space in the home where they may isolate 6 feet away from others. The request should include a physician's statement that the student's presence in the home is most likely to cause hospitalization to another house-hold member. Use back if needed.)

I understand that if I am allowed to quarantine on campus that I must remain in my room for the required number of days. I understand that if I break quarantine I am subject to disciplinary action by the Northwestern State University to include suspension from the University.
