

# NSU Office 365 Software Installation

**Step #1:** Log into your student email account and click the Gear icon at the far right of the screen.

Then, click the **Office 365** option toward the bottom of the list under the **My app settings** section.

**Step #2:** Click the **Install status** option from the list, and then click the **Install desktop applications** link.

**Step #3:** You will see one of the screens below depending on whether you use Windows or Macintosh. Click the **Install** button to begin the download and installation.

## Office 2016 for Windows

### Office

Install Office 365 ProPlus with the new 2016 apps (Recommended)

This will install the following apps on your computer: Word, Excel, PowerPoint, OneNote, Access, Publisher, Outlook, Skype for Business, OneDrive for Business

Language:

Version:

English (United States) ▼

32-bit (Recommended) Advanced

Don't see the language you want? Install one of the languages in the list above and then install a [language accessory pack](#). Additional languages and language accessory packs don't count against your install limit.
